About the Enfield Shaker Museum

Nestled in a valley between Shaker Mountain and Mascoma Lake, in Enfield, New Hampshire, the Enfield Shaker site has been cherished for over 200 years. At its peak in the mid-19th century, the community was home to three "Families" of Shakers. They practiced equality of the sexes and races, celibacy, pacifism and communal ownership of property. The Shakers farmed over 3,000 acres of land, educated children in model schools and worshipped in the "Shaker Way."

The Enfield Shaker Museum is an educational institution dedicated to interpreting and preserving the history of the Shakers of Enfield, NH.

Greetings from the Education Coordinator

I would like to welcome all of you to the Enfield Shaker Museum's 2019 Spring Shaker Forum. As in the past, the goal of the Spring Forum is to bring together a diverse group of researchers and enthusiasts with the goal of sharing the latest in research and materials. Year to year, our Spring Forum has seen the presentation of insightful and informative works on the Shakers by an assortment of leading scholars.

Shaker Studies as a field continues to be dynamic with new works published every year. Today's scholars have access to a larger and more accurate body of information than ever before. This increase in knowledge is due to the dedicated work of researchers who have devoted their time to making Shaker primary source material more accessible. This ongoing work will allow Shaker scholarship to grow for the foreseeable future.

For this year's Spring Shaker Forum, we have a full weekend of events which will include 2 key note addresses, 7 individual presentations, a guided hike to the Shaker Feast Ground on Mount Assurance, and a special discussion about the latest in Enfield, NH material culture. I wish everyone the best and look forward to spending time with attendees at this year's program.

Thank you.

Kyle Sandler

3:00 pm – 4:00 pm A Tale of Three Tables and Other Recent Acquisition Stories, *Richard Dabrowski*

Join Richard Dabrowski for a discussion of his research-based investigation into the history and provenance of the three extant Enfield Shaker Church Family dining tables. He will additionally discuss other new acquisitions in the Museum's collection and what they can tell us about the lives and legacy of the Enfield, NH Shakers.

4:00 pm – 5:00 pm Portraits of the Shakers and the Illustrated Advertisements for Shaker Goods, *Robert Emlen*

In the late 1850s, the Shakers began to have portraits photographs of themselves produced. By the 1880s, portraits of individual members had become so accepted in Shaker communities that they were even used to advertise Shaker-made or Shaker-related goods. In this presentation, Rob will explore this phenomenon and its implication as an example of the Societies' move towards modernity.

5:30 pm – 6:15 pm Welcome Reception, *Meeting Room*

6:15 pm – 7:15 pm Dinner, *Dining Room*

7:30 pm Special Presentation: Kentucky Shaker Furniture: A Southerner's Interpretation of the Rules,

Tommy Hines

Over the course of the Nineteenth Century, the Kentucky Shakers interpreted traditional eastern Shaker design through the cultural lens of the American South. In this special presentation, Tommy will explain the characteristics which made Southern Shaker furniture unique. Additionally, he will discuss the cultural differences between the Shakers in Kentucky and those in the northeast.

Saturday, April 27

8:00 am – 8:45 am Breakfast, *Dining Room*

9:00 am – 10:00am The Transformation of Enfield, CT Shaker Village, 1870 - 1880, *Stephen Paternic*

For the Shakers, the period after the Civil War was one of transformation. Stephen will discuss in detail the outward changes that occurred as Enfield, CT recovered its equilibrium in the decade after the tumultuous 1860s. The context of these events will be explored thoroughly, and the new look of the society will be amply illustrated by stereo and photographic views. These perspectives were the final ones, and as a result still serve as the way we see the community.

10:00 am – 11:00 am Rejecting Celibacy: Shakers Who Fell in Love, Eloped, and Married, *Tom Sakmyster*

Despite the central tenant of celibacy, examples of Shaker relationships can be found in almost all the communities. Discussing this topic in detail, Tom will present a comprehensive picture of Shaker romance, courtship, elopement, and marriage, identifying what kind of Shakers were involved, what motivated them, how they were able to evade the rules and conduct a kind of courtship, and how they were viewed by the Shaker community at-large.

11:15 am – 12:15 pm Photogenic Ghosts: Three Shaker Mills *Ned Quist **

Water-powered machinery in the 19th century Shaker mills helped Shaker communities produce essential goods for themselves such as flour, lumber, and refined cotton. In this presentation, Ned will discuss the history and importance of Shaker mills through the lens of Harvard's Bennet Brook Mill, Mount Lebanon's North Family Saw Mill, and Sabbathday Lake's Great Mill.

12:15 pm – 1:15 pm Lunch, *Dining Room*

1:30 pm – 2:30 pm Supernatural Powers and Common Favours: Shaker Doctors and Medicine in the Early Church at New Lebanon, *Kerry Hackett**

The period of 1787 to 1826 was a formative period in the development of Shaker society. One aspect of this era was the emergence of a physician class among the Shakers at New Lebanon. Kerry will explain the rationale behind this development while also demonstrating that Shaker doctors were treating the sick in a series of dedicated facilities long before the official designation of a Physician's order by the Lead Ministry in 1821. Finally, this presentation will illustrate that a succession of definable events propelled the evolution of early Shaker healthcare.

2:30 pm – 4:00 pm Special Talk and Guided Hike to the Feast Ground

4:15 pm – 5:15 pm Shaker Suicide: History or Fiction? *Richard Marshall*

The topic of Shaker suicide has been explored in a variety of fictional accounts often in questionable ways, but less historical accounts have approached the topic. In his presentation, Rick will discuss how Shaker journals duly record that despite the occasional self-inflicted death, suicides in Shaker villages did not exceed those in the world. Furthermore, about the very infrequent suicides, Shaker journals usually record a motive vastly different than the oppressive Shaker lifestyle for which the novels blame the self-inflicted deaths. The record often revealing that individual found a renewed will to live in Shaker villages.

5:30 pm – 6:30 pm Cocktails and Announcement of the Shaker Workshops Award for Outstanding New Scholarship, *Carolyn Smith and Richard Dabrowski of Shaker Workshops*

6:30 pm – 7:30 pm Dinner, *Dining Room*

7:30 pm Special Presentation: Twenty Years of Shaker Paint Research: Mysteries and Discoveries, *Susan Buck*

Ongoing research into the surviving paint evidence remaining on Shaker furniture and architectural elements continues to reveal more about the colorful palettes of Shaker communities in New England, New York and Kentucky. In the past twenty years there have been significant improvements in the microscopes and digital imaging techniques used to capture images of tiny remnants of original paints, and the body of knowledge about traditional Shaker paints, varnishes and color combinations has continued to expand. This presentation will explain how analysis of Shaker painted and varnished finishes is undertaken and will reveal more recent discoveries about paint colors on furniture and architecture. It will also discuss how paint archaeology can help to explain the evolutions of, and alterations to, selected Shaker buildings.

Sunday, April 28

8:00 am – 8:45 am Breakfast, *Dining Room*

9:00 am – 10:00 am Life at the West Family Watervliet Farm in the Late 18th and Early 19th Centuries: New Archaeological Data, *Matthew Kirk*

In the late fall of 2017, excavations were conducted within the West Family Watervliet Shaker community in the modern Town of Colonie, Albany County, New York. The artifact assemblage provides an intriguing glimpse into Shaker life when natural families cohabitated and private property remained held by church members. Matthew will explore both the material culture recovered archaeologically from the site and the historical record of the West Family to better understand how the radical change into communal living impacted those early Shaker families.

10:15 am – 10:45 am Shaker Readings and Songs, *Mary Ann Haagen*

10:45 am – 11:00 am Closing Remarks, *Carolyn Smith*

11:45 am – 12:00 pm Pick up Box Lunches, *Gift Shop Café*
